

# 2016 SPONSORING BIKE SHOPS

Thank you to our dedicated bike shop sponsors for helping make Bike to the Bay a success! Please support them and let them know how much you appreciate their involvement with the Bike MS: Bike to the Bay Ride.

## 2016 Sponsoring Bike Shops

The role of sponsoring bike shops is to provide minor repairs to help you get safely to the finish line.

***If you encounter a mechanical problem while riding and need assistance, move completely off to the side of the road and turn your bike upside down.***

They also offer the following services:

- Bike MS training opportunities
- Bike MS: Bike to the Bay specific discounts to registered cyclists
- Bike shop gift certificate redemption post-ride for those that qualify for a prize.
- Optional bike inspections prior to the Ride
  - >> WHY: Bike inspections are highly encouraged, by both our local sponsoring shops and Bike MS, to ensure your bike is 'Bike MS Ready!'
  - >> WHAT: A bike inspection is a few minute evaluation of the overall condition of your bike. For example: tires, brake pads, cables and housing, chain, cassette, and chain ring wear.
  - >> WHERE: At one of our sponsoring bike shops (see below)
  - >> WHEN: August 19-September 9
